Susan 'graduated' after 36 visits to cardiac rehab. What will we do with ourselves since we do not have to go to Summit three days a week?

Susan said Jimmy will be so proud. He also graduated from this rehab.

### God Bless Our Native Land

God bless our native land,  
Land of the newly free,  
Oh may she ever stand  
For truth and liberty.

God bless our native land,  
Where sleep our kindred dead,  
Let peace at thy command  
Above their graves be shed.

God help our native land,  
Bring surcease to her strife,  
And shower from thy hand  
A more abundant life.

God bless our native land,  
Her homes and children bless,  
Oh may she ever stand  
For truth and righteousness.

Oh may she ever stand

For truth and righteousness

## **Memorial Day, Monday May 25th**

Colonial American wars, the Revolutionary War, War of 1812, Indian Conflicts, Mexican War, Civil War, Spanish War, World War I, Boxer Rebellion, World II, Korea, Vietnam, Panama, Grenada, Middle East Wars, and numerous other military conflicts have claimed hundreds of thousands of lives to defend our nation and protect democratic ideals around the world that influence our way of life. Add to that law men and first responders who have given their lives to protect and serve our communities, states and nation, and you can see why we give special recognition to their sacrifice on this special day. The freedom to pursue our God given rights has been won and preserved by the blood of many who fought terrene in its many forms. We honor their sacrifice

Without the shedding of blood there is no remission of sin. Jesus shed his blood for our spiritual liberty. We are free in Him. The United States is the only country founded on Christian principles that provide physical liberty within the restraints of decency and moral character. We revere those who fought and died for other's right to freedom just as we reverence our Lord's sacrifice to deliver us from sin. God bless their memory, and let us stand up to protect what they died for.
