## **Effort Meeting**

In three weeks we begin an effort to have revival. Actually, the effort needs to be constant in our lives and prayers. The set time beginning on the 21st of June is when we give a concentrated time of devotion to petitioning God for revival. Many of us will be here each service. Others will come as they can or find it convenient. This should be a time when we clear our calendar and devote these moments to calling on God for spiritual renewal that will continue with us. In such times God may bless in special ways and save lost souls. These efforts should show the lost our sincere desire to see them come to Jesus. If we are haphazard about our service, the lost may see no real importance in getting saved. Let us be busy in prayer and showing interest in the lost and invite them to hear the preached word and witness the power of God through His saints' praying, singing and testimonies. Before an army can fight with any effectiveness it must train, prepare, and ready itself. Get ready, the battle is coming.
