The first ever cordless phone was created by GOD. He named it PRAYER.
It never loses its signal and never has to be recharged.
Use it anywhere!

Thanks, Jean!

What Now?

Since abortion was legalized by the Supreme Court of our land, America has not won a war with lasting positive consequences. Now that homosexual marriage has been legalized by the Supreme Court of our land, what is going to happen? This week, with the murders in Chattanooga, is just the beginning of the results America is going to suffer. God's grace is being removed from our nation because of sin in the ruling officials that set policy or refuse to block it. A couple of weeks ago I preached on "Sin In The Camp" and how God removes His power when we don't follow His commands. There sure is sin in our national camp. Perilous times are here.

It seems only a major change in the ideology of the nation will reverse the way we are headed. I believe the only way for that to happen is for a national spiritual revival. In order for that to happen, it may take horrendous hardships to come upon us. Even then, many will probably run further from God in their own self-defeating ideals that man has the answer for all our problems. I just pray we haven't gone too far for God to show mercy.

No matter what comes, those of the saved, have a positive outlook for ourselves that the Lord will be with us. None of the people of the Bible lived in the political freedoms we have enjoyed; yet, they were blessed and dealt with the constraints of the governments in which they lived. We are in the world but not of the world. "Greater is he that is in us than he that is in the world." We can expect His grace is sufficient for us. So, let us continue to serve Him with faithfulness and not fear man nor the results of man's sin.
