Word search: Can you find sixteen (16) books of the Bible in this paragraph?

I once made a remark about the hidden books of the Bible (merely by a fluke). It kept people looking so hard for the facts and for others it was a revelation. Some were in a jam, especially since the name of the books were not capitalized, but the truth finally struck home to numbers of readers. To others it was a real job. We want it to be a most fascinating few moments for you. Yes, there will be some really easy ones to spot. Others may require judges to help them. I will quickly admit it usually takes a minister to find one of them, and there will be loud lamentations when it is found. A little lady says she brews a cup of tea so she can concentrate better. See how well you can compete. Relax now. There really are sixteen names of books in this story.
