October Birthday & Anniversaries

No Birthdays or Anniversaries in October. Please let Brother Ron know, if we need to add any for this month!

Bible Trivia: (Answers to Last Week):

Creation Day 1 (Genesis 1:1-5)

God created the heavens and the earth. "The heavens" refers to everything beyond the earth, outer space. The earth is made but not formed in any specific way, although water is present. God then speaks light into existence. He then separates the light from the dark and names the light "day" and the dark "night." This creative work occurs from evening until morning – one day.

Creation Day 2 (Genesis 1:6-8)

God creates the sky. The sky forms a barrier between water upon the surface and the

moisture in the air. At this point earth would have an atmosphere. This creative work occurs in one day.

Creation Day 3 (Genesis 1:9-13)

God creates dry land. Continents and islands are above the water. The large bodies of water are named “seas” and the ground is named “land.” God declares that all this is good. God creates all plant life both large and small. He creates this life to be self-sustaining; plants have the ability to reproduce. The plants were created in great diversity (many “kinds”). The earth was green and teeming with plant life. God declares that this work is also good. This creative work takes one day.

Creation Day 4 (Genesis 1:14-19)

God creates all the stars and heavenly bodies. The movement of these will help man track time. Two great heavenly bodies are made in relation to the earth. The first is the sun which is the primary source of light and the moon which reflects the light of the sun. The movement of these bodies will distinguish day from night. This work is also declared to be good by God. This creative work takes one day.

Creation Day 5 (Genesis 1:20-23)

God creates all life that lives in the water. Any life of any kind that lives in the water is made at this point. God also makes all the birds. The language allows that this may be the time God made flying insects as well (or, if not, they were made on day six). All of these creatures are made with the ability to perpetuate their species by reproduction. The creatures made on Day 5 are the first creatures blessed by God. God declares this work good, and it occurs in one day.

Creation Day 6 (Genesis 1:24-31)

God creates all the creatures that live on dry land. This includes every type of creature not included on previous days and man. God declares this work good. God’s creative work is complete at the end of the sixth day. The entire universe in all its beauty and perfection was fully formed in six literal, consecutive, 24-hour days. At the completion of His creation, God announces that it is very good.

Creation Day 7 (Genesis 2:1-3)

God rests. This in no way indicates He was weary from His creative efforts, but denotes that the creation is complete. Further, God is establishing a pattern of one day in seven to rest. The keeping of this day will eventually be a distinguishing trait of the God’s chosen people (Exodus 20:8-11).

Bible Trivia: (Answers Next Week)

1. Who was the first reported Disciple to come to Jesus sepulcher?
2. Who was the first reported Disciple to go into the sepulcher of Jesus?
3. Who were the first three Disciples to come to the sepulcher of Jesus?
4. When Jesus ascended to Heaven, how did He go? And, who explained how He went, and how He will return?
5. What will happen when the last trump is sounded?

10-22-17
