## **Brother Mark Copas**

Brother Copas preached last Sunday from Genesis Chapter 8. Noah followed exactly as the Lord told him to do, regardless of what others thought. He calls on us but we do not always listen and follow. Eight people were safe inside the Ark. Everyone else was left outside. A lot of people believe in GOD but do they know him? How many of us have stuck to the promise we made when you asked HIM to save you? Being saved is not just to get into heaven. We are supposed to spread HIS word.

## Labor Day: How it Came About; What it Means

Labor Day, the first Monday in September, is a creation of the labor movement and is dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country.
