Today Susan received a hand written letter postmarked 2/18/2014 from Mrs. Rhoda Kemp with her salvation experience!

"Hi Susan,

Hope you are well and happy, for me I'm doing great.

You had asked me more than once if I wanted to give a copy of my travel from nature to grace, but I had never felt like I wanted to til now.

I was lost a very short time.

I was 10 1/2 yrs old. I knew there was something wrong but I wasn't worried. We had a revival started at Union Camp Baptist Church. It was July and the weather was very hot. We didn't have electricity at that time. We didn't have any way to keep cool but little hand fans. Brother Floyd Lambert was our pastor, one night he was preaching hell fire and damnation, he told how hot it would be in hell, and I didn't want to go anywhere it was any hotter than it was there that night. I was under deep conviction, seemingly there was a very big dark hole just in front of me. I was jumping from side to side just barely missing getting landed on the other side, I thought if I didn't get to the other side I would fall in. That's when the Lord reached down and gloriously saved my soul.

I miss everyone at church.

May The Lord richly Bless

Rhoda Kemp"

# Say a Prayer for

Joyce Parker and her Family. They recently lost a Brother and another Brother is having health problems now. Joyce's Mother has been ill for quite a while. Remember this family.

Larry Patterson is fighting brain cancer. He is currently in a rehab center.

Brother Rick Jones is very sick. He is having complications from his heart and diabetes.

Brother Junior Moore is out of rehab and is resting at home. He will be fitted for a prosthesis soon. He was going to preach at his church last Sunday for the first time since starting this adventure.

Remember the revivals that are going on at our Sister churches.

Remember the lost and that they will seek salvation.

Cindy was in a fender bender last week. No one was injured. She thanks GOD for watching over her. She started to go but something stopped her. If she had, she would have been hit in the side and things could have been a lot worse.

Sister Vinderpool was not feeling well last Sunday. She was feeling better by Tuesday and was able to attend and speak at God with us.

Brother Maggart advised us that Buffalo Springs now has a new member. The first Brother Hugo he had ever met. Chances are he was not raised an Old Time Baptist. God doesn't care. Ask and you shall receive.

Chad's Father has been having some health problem.

Linda's sister in law and her Mother still need our prayers.

Emory is on the road to recovery. He had a rough 3 weeks.

# WORRY

**Matthew 6:25** Therefore I say unto you, Take no thought for your life, what ye shall eat, or what ye shall drink, nor yet for your body what ye shall put on. Is not the life more than meat and the body than raiment?

I believe God is managing affairs and that He doesn't need any advice from me. With God in charge, I believe everything will work out for the best in the end. So what is there to worry about.

Henry Ford

Don't trouble trouble  
Until trouble troubles you.

“Do not anticipate trouble, or worry about what may never happen.

Benjamin Franklin

Worrying is like sitting in a rocking chair. It gives you something to do but it doesn't get you anywhere.

English proverb

TODAY is the TOMORROW we worried about YESTERDAY

There is a great difference between worry and concern. A worried person sees a problem, and a concerned person solves a problem.

Harold Stephens

## ***Pastor's Comments***

Following is a slightly altered article I found several years ago by Dan Gulley.

### **Sin Taxes!**

An 89 year-old friend told me, "You can't win sinning." Since Adam and Eve got themselves into a jam eating forbidden fruit, billions have learned first-hand that in the sin, far from satisfying, brings suffering and loss that often cannot be completely repaired. Sin is hard on humans, no matter how fun and appealing the devil and marketing experts can make it look.

A reporter was interviewing a grizzled, apparently, old man, sitting with his hands folded in his lap, behind his farm house. "Sir, I'd like to know the secret of your long life," said the reporter. "Well, I drink whiskey every day, smoke cigarettes all the time, dance widely every night, and I've lived with many different women." The reporter was astonished and exclaimed, "That's remarkable. And exactly how old are you?" The man replied, "Twenty seven."

Recently, Tennessee state lawmakers debated whether to raise "sin taxes" on such things as alcoholic beverages and tobacco products. The debate was over whether or not we should "tax sin". But there can be no debate that sin taxes our homes, our marriages, and our very lives by subjecting them to excessive stress. From sexual immorality, to murder, to materialism, to profanity, to prejudice, sin has saturated our society. Prisons bulge with those who discovered too late that "sin taxes". Adultery, at first, allures an individual but, in the end, assassinates a marriage. Phonography promises pleasure but soon over-whelms with pain and guilt. All of us are paying sin's taxes, or know someone who is.

The world says sin will thrill you, but God says sin will terminate you. **"The wages of sin is death" (Romans 6:23)**. Sin may, at first, feel good to you, but sin is never good for you. Someone observed that sin will take you further than you want to go, costs you more than you want to pay, and keeps you longer than you want to stay. Sin always taxes, whether we tax sin or not.
